# V-Print CR, V-Print Pro, V-Print Enterprise

Transcript Formatting, Print and Delivery Tool

**The V-Print Product Line** provides court reporters and agencies with powerful tools that bring together all aspects of the official record. More importantly, the entire record is delivered in an easy-to-use, powerful Viewer containing some of today's most popular file formats.

**V-Print CR** enables you to make your transcript the way you want it and follow the rules set by the courts. With our templates, you design it once and use it forever. You can then deliver your unique product in several different formats, including full page and mini .pdfs, with word index.

Offer your clients the convenience of hyperlinked exhibits with **V-Print Pro**. It also allows you to create, code, number and OCR your deposition exhibits. For quick and convenient reference, you can also include Bates stamps. **V-Print Pro** offers all flavors of files including .tiff, .jpeg and .pdf.

**V-Print Enterprise** allows you to send transcripts between the court reporting agency and court reporters in a secure format, ideal for maintaining digital signatures. Now you can maintain company identity by creating pre-formatted templates for court reporters to apply to the transcripts before sending to the agency.

Stop the hassle of subscription fees and annual usage plans. **V-Print** requires a one-time licensing fee. Once you buy it, you own it!

Call us today to see why court reporters trust V-Print to deliver professionally branded transcripts to their clients.
